Inventing, developing & manufacturing
for the worldwide armed forces

COMPANY PROFILE

We are very pleased to announce that the assets and business of Command Arms Accessories LLC (CAA) have been purchased by CAA Tactical.

Now, more than ever, we have a powerful company manufacturing the leading products in the weapon accessories and parts industry.

We are here to support you in every way possible. Our goal is to make sure that you, our customer, receives the best products along with the best service you have come to expect from CAA Tactical and Command Arms Accessories.

Our owners, designers and engineers are intimately familiar with every product and we constantly work to improve them.

All of our products are made by designers and engineers trained in weapons and accessory design. We reach out to elite military units and law enforcement agencies with prototypes for testing and their input further refines the designs. The final product combines the dreams of a designer, with the toughest real world users to deliver to you, our customers, products you can stake your life on. Our unique and innovative products are the fruits of these efforts by our designers, engineers and real world users.

Our mission remains the same, to provide you with the most innovative parts and accessories that function under the most demanding situations. Our worldwide network of friendly, expert team members stands behind you and our products.

As you read through this catalog you will see our newest products including the New Drop In Gas Piston System, Flip Up sights and the newest models for the RONI Pistol Carbine Conversion. Your CAA favorites are here too, still made from the highest quality materials with workmanship you can trust.

SELLER**

2010

ACCURACY:

- RONI Pistol Carbine Conversion allows you to realize the accuracy inherent in the pistol. Targets can be engaged at 50 yards and beyond.
- The RONI shoulder stock design provides the stability to significantly improve accuracy and shooting distance. User accuracy is also increased because the sight line and rail height are above the barrel. The weight and design of the RONI significantly reduces recoil and eliminates muzzle jump contributing to increased accuracy.

FISCALLY RESPONSIBLE & ECONOMICAL:

Designed for the Special Forces operator, The RONI has found favor with SWAT, Motorcycle, School Resource Officers and Security Details. Using the RONI, only one weapon is required for both close quarters and mid range engagements.

No more duplicating weapons, ammunition and magazines.

The operator carries less weight. In utilizing one weapon system, logistics are streamlined, saving time and money by not having to stock replacement parts, magazines, ammunition and gunsmithing for two weapons systems. Now, one weapon serves multiple applications.

Because the RONI uses pistol caliber and not rifle caliber ammunition, there is much less chance of penetration thru walls causing collateral damage. The RONI converts your sidearm from a tertiary weapon into a primary weapon. The RONI is priced much less than a SMG.

Training with one weapon system saves time and money and more importantly, allows the operator to develop the singular neuro-muscular coordination needed in high stress situations.

TRANSFORMATION:

- A pistol can be installed in the RONI in 5 seconds. No pistol disassembly or gunsmithing is required for installation in the RONI.
- Repeatable zero is maintained when reinserting the pistol into the RONI. The RONI holds the pistol at three points, around the trigger guard, at the tang of the back strap, and at the under barrel rail mount.
- Slide operation is controlled by a cocking handle friction fitted to the slide serrations.
- RONI's large ambidextrous cocking handles makes charging the weapon easier for any size operator and allows quicker clearing of jams.
- Jams are cleared exactly the same way as when shooting the pistol by itself. All necessary parts are accessible.

DESIGN FEATURES:

- Polymer body with a full length reinforced aluminum spine provides the strength, rigidity & durability needed while reducing carrying weight for the operator.
- Ergonomic design is comfortable and user friendly. Featuring an adjustable cheek rest, collapsible butt stock and folding grip.
- Ambidextrous design of the front and rear sling mounts, charging handle and side rails allow for comfortable use by both left and right handed operators.
- Muzzle shroud includes an integral glass breaker.

BUTT STOCK FEATURES:

- RONI's butt stock with 5 position length of pull adjustment provides a comfortable fit with or without body armor.
- RONI's adjustable cheek rest is removable, providing a perfect sight picture when using low profile sights.
- RONI's butt stock features a secure extra magazine mount positioned where it reduces reloading time, but doesn't interfere with shooting.
- RONI can be operated with the butt stock in the closed position.

RAIL FEATURES:

- RONI's 9.25" one piece upper aluminum rail is long enough to accommodate a number of different sights, including a red dot + night vision or red dot + flip up sights.
- RONI's two 2.5" aluminum side rails allow the attachment of other devices including flashlights, lasers, etc.
- RONI's 2 1/8" lower polymer rail provides mounting for forward a grip.
- RONI's top and side rails are CNC manufactured from aviation grade aluminum providing a solid platform for repeatable zero mounts.

SAFETY FEATURES:

- RONI includes a trigger guard to protect the trigger for pistols without a conventional safety devise.
- RONI has a forward finger guard to protect the forefinger from the barrel shroud.

VERSATILITY:

- The RONI can be used with the forward grip in a vertical or horizontal position.
- The RONI design allows the use of different model pistols from the same manufacturer in the same RONI body. RONI's design allows for accurate single handed shooting from either hand.
- RONI's unique design enables the user to "accurately point and shoot" because the barrel is significantly lower than the sight picture. RONI's totally balanced design eliminates weapon recoil, improving accuracy and reducing target reacquisition time. Increased accuracy reduces training time.

OPTIONS

- Three color options: Black, Green, Desert Tan.
- Optional hinged brass catcher with magnetic release provides easy access to the ejection port. Velcro bag closure quickly empties the spent cases.
- Optional secure magnetic vehicle mount allows for quick removal from the vehicle.
- RONI accepts sound suppressors up to 3.5cm diameter.

DIMENSIONS:

- Weight: 1.4kg. Overall length: 47cm (stock closed) 57cm (stock extended). Height: 19cm. Width: 7.6cm.
- RONI with a Glock 17 is almost 30% lighter than the H&K MP5 SMG.

Vortex Tactical Flashlight 1 Watt

Luxeon® LED. Water & Shock Resistant.

More Details page 58

PBSS

Push button heavy duty sling swivel.

More Details page 40

OPS/SQA

OPS One point heavy duty sling - uses #PBSS.

SQA Two point heavy duty sling - uses #PBSS.

More Details page 39

GLUCK MAGAZINES

33, 17, 15 rounds (non original).

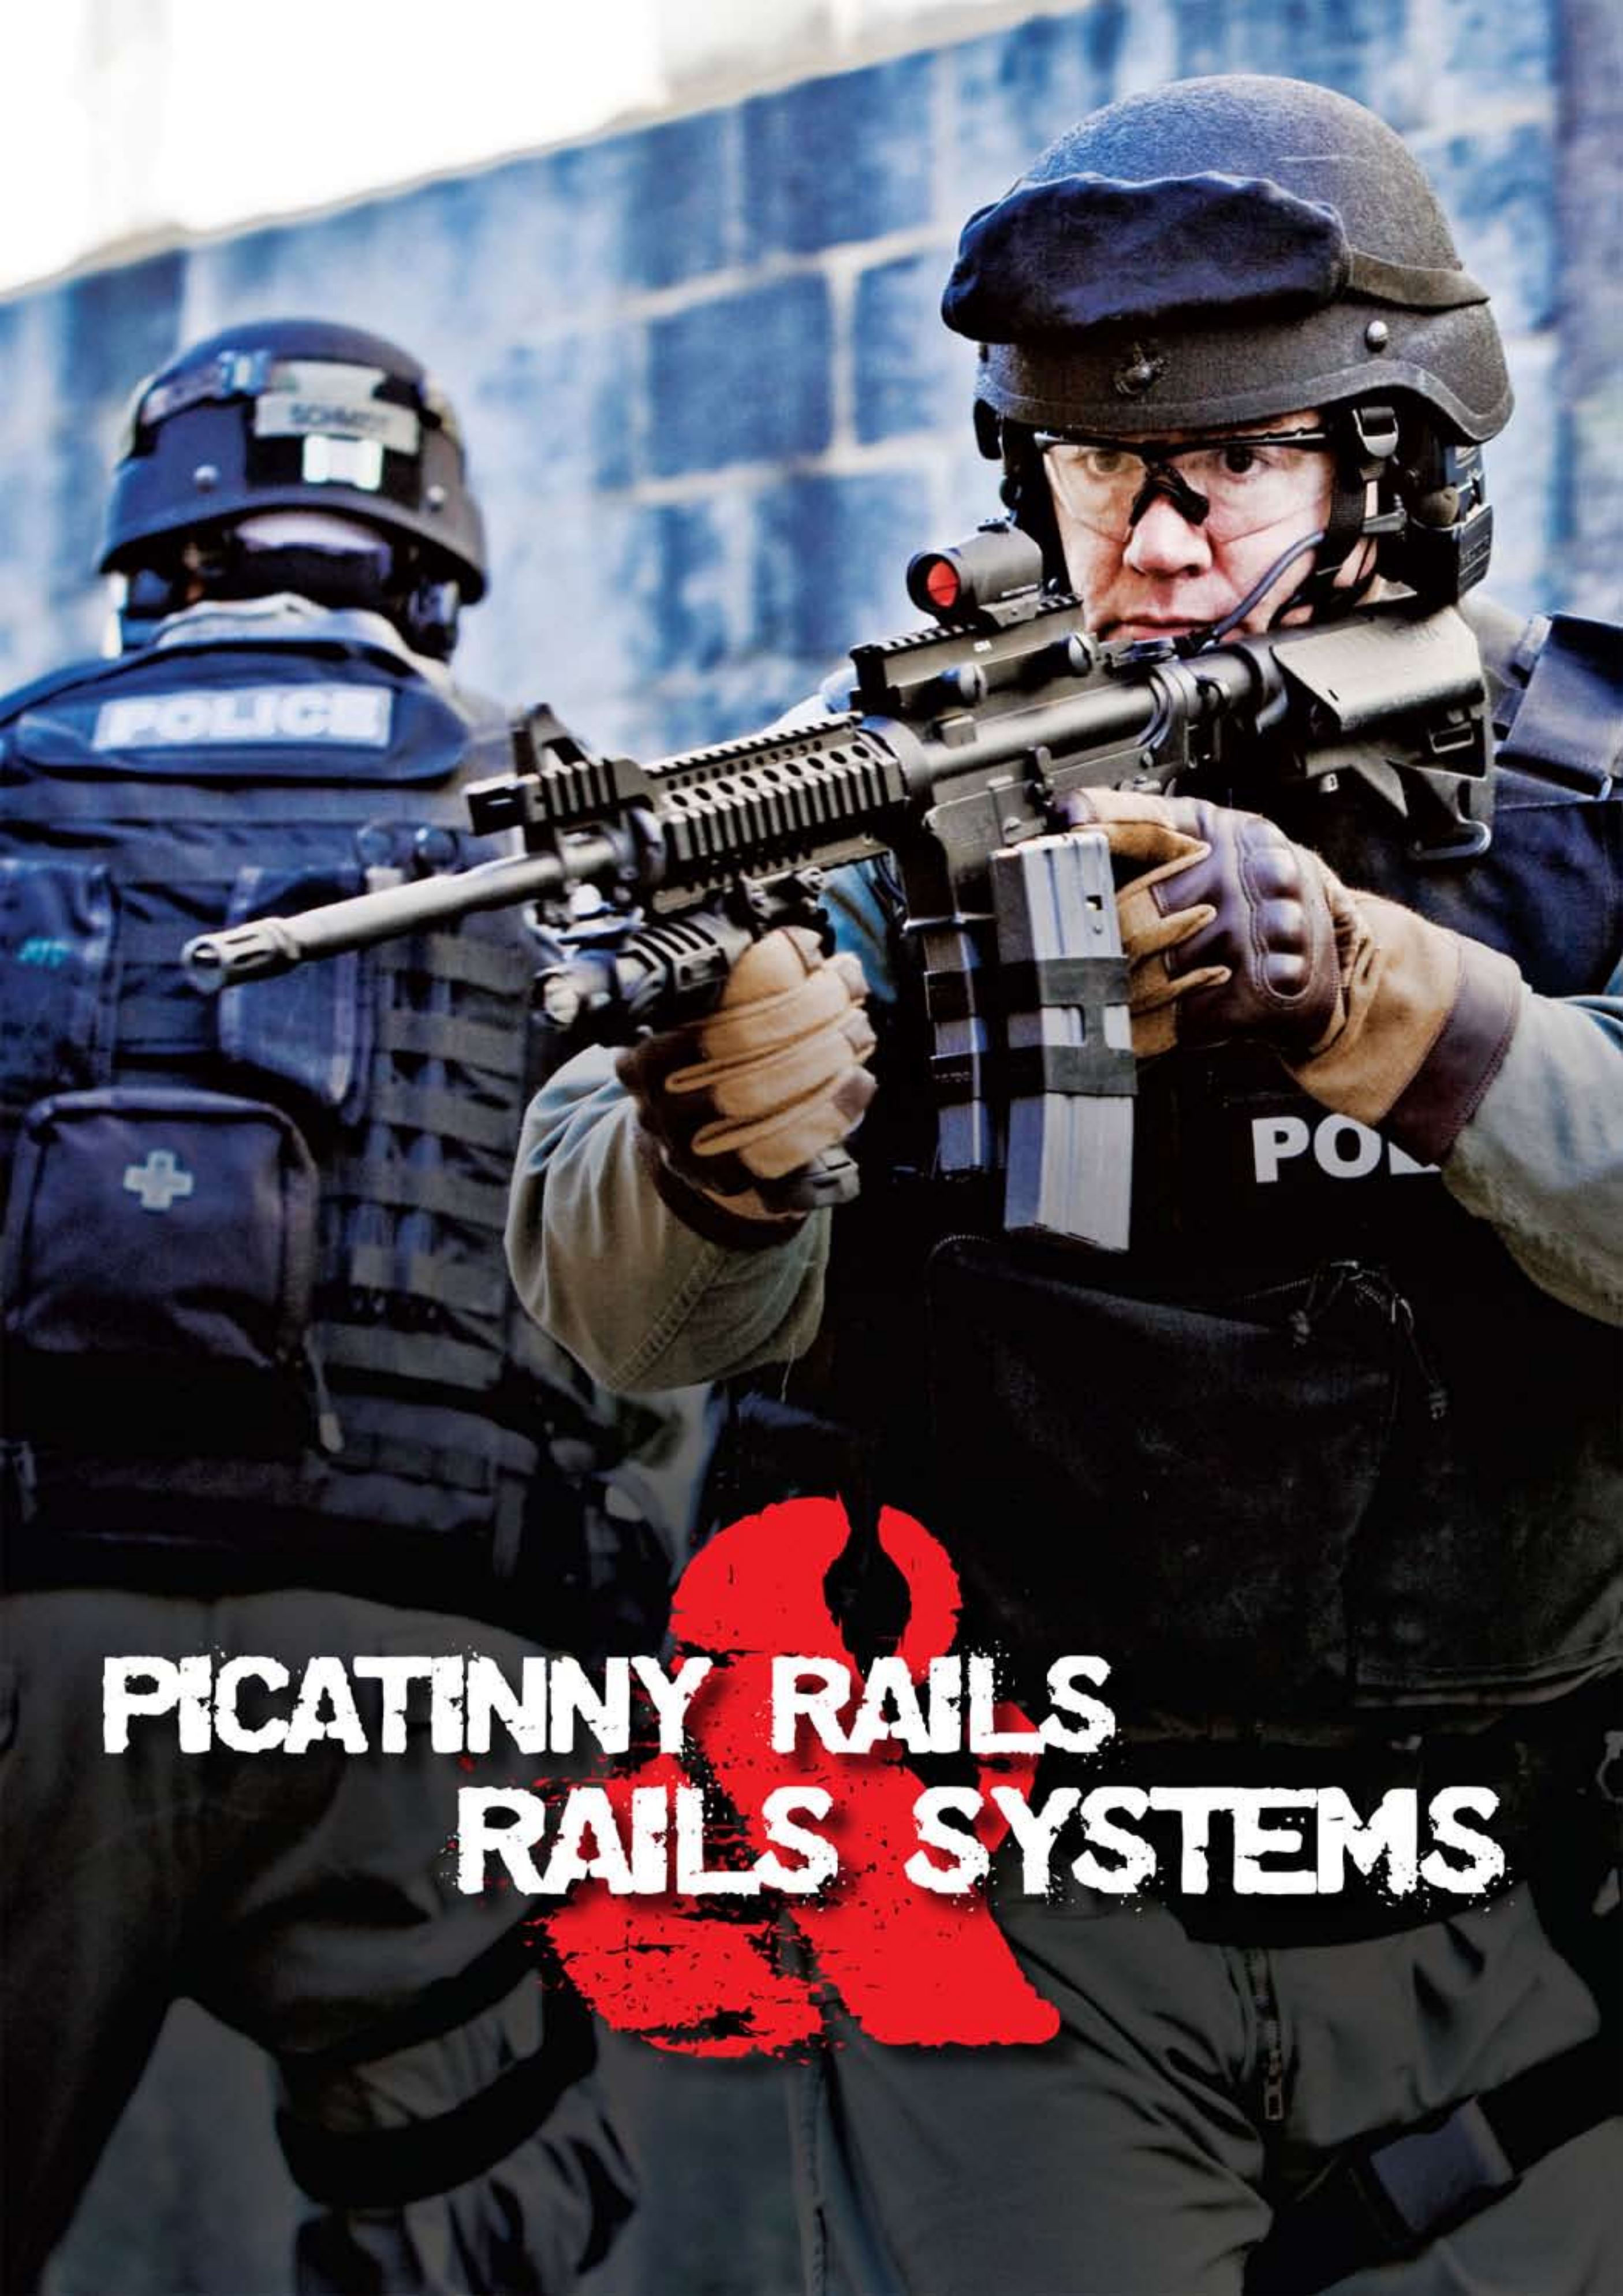

RBC-Pivoting Brass-catcher

Stands on a pivot hinge. Bottom velcro for emptying the collector - allows activating jams.

RBCG1: For RONIG1 - Glock Models.

RBCF: For all other RONI Models.

PICATINNY RAILS RAILS SYSTEMS

AK47/74

PICATINNY RAILS & RAILS SYSTEMS

AK47 PICATINNY HAND GUARD RAILS SYSTEM

The world's first five rail system for the AK47/AK74. Five fixed rails, provide an exceptional design that allows numerous mission specific accessories, including bipods, vertical grips & large optics to be mounted.

- Securely mounts to weapon effectively maintaining zero under the demanding conditions.
- Allows disassembling/assembling the AK body, & yet maintaining perfect zero.
- Rear rail is specifically designed for heavy optics.
- Three parts modular system; can be used individually or in conjunction with each other.
- Compatible with most AK style rifles.
- Rail covers included.
- No gunsmith required • Mill-standard • Warranty: lifetime
- Color: **Black 01**

AK47 5 PICATINNY HAND GUARD RAILS SYSTEM

The full combination of all three parts (total of 5 rails) – provides the best solution for mounting grips, lights, lasers, pods, scopes, red point sights & other mounts.

Part #: XRS47	Made Of: Aluminum	Length Max (cm): 39
Eligibility: AK47/74	Weight (gr): 420	Height Max (cm): 8.7
Number Of Rails: 5	Width Max (cm): 5.1	

AK47 3 PICATINNY HAND GUARD RAILS SYSTEM

The lower part (total of 3 rails) provides the solution for mounting grips, lights, lasers, pods & other mounts.

Part #: XRS47B	Made Of: Aluminum	Length Max (cm): 17.9
Eligibility: AK47/74	Weight (gr): 170	Height Max (cm): 4.3
Number Of Rails: 3	Width Max (cm): 5.1	

AK47 4 PICATINNY HAND GUARD RAILS SYSTEM

Combination of the lower & top parts – providing total of 4 rails for grips, lights, lasers, pods, red point sights & other mounts.

Part #: XRS47BT	Made Of: Aluminum	Length Max (cm): 17.9
Eligibility: AK47/74	Weight (gr): 282	Height Max (cm): 8.7
Number Of Rails: 4	Width Max (cm): 5.1	

AK47 4 PICATINNY HAND GUARD RAILS SYSTEM

The combination of the lower & rear parts is providing total of 4 rails for mounting grips, lights, lasers, pods, scopes, red point sights & other mounts.

Part #: XRS47BR	Made Of: Aluminum	Length Max (cm): 39
Eligibility: AK47/74	Weight (gr): 306	Height Max (cm): 8.7
Number Of Rails: 4	Width Max (cm): 5.1	

AK47/74

PICATINNY RAILS & RAILS SYSTEMS

AK47 PICATINNY HAND GUARD RAILS SYSTEM

Polymer two piece handguard, provides a rigid lightweight platform to mount Picatinny accessories.

- Two full length upper & lower Picatinny rails - excellent mounting positions for optics, bipods & grips.
- Two side rails are ideal for mounting light/laser devices.
- Available as a complete set (#RS47-SET) or separately.
- Constructed of high density polymer for strength & heat resistance.
- Compatible with most AK style rifles.
- No gunsmith required • Mill-standard • Warranty: 10 years
- Color: **Black 01** **Green 02** **Khaki 03**

AK47 4 PICATINNY HAND GUARD RAILS SYSTEM

Combination of the lower & top parts – provides total 4 rails for grips, lights, lasers, pods, red point sights & other mounts.

Part #: RS47-SET	Made Of: Polymer	Length Max (cm): 16.8
Eligibility: AK47/74	Weight (gr): 220	Height Max (cm): 8.5
Number Of Rails: 4	Width Max (cm): 5.1	

AK47 1 PICATINNY HAND GUARD RAILS TOP PART

The top part provides 1 rail for red-point sights & other mounts. Match with the original lower handguard.

Part #: RS47-T	Made Of: Polymer	Length Max (cm): 11.9
Eligibility: AK47/74	Weight (gr): 44	Height Max (cm): 3.8
Number Of Rails: 1	Width Max (cm): 3.5	

AK47 3 PICATINNY HAND GUARD RAILS LOWER PART

The lower part (total of 3 rails) provides the solution for mounting grips, lights, lasers, pods & other mounts. Match with the original upper handguard.

Part #: RS47-B	Made Of: Polymer	Length Max (cm): 16.8
Eligibility: AK47/74	Weight (gr): 176	Height Max (cm): 4.9
Number Of Rails: 3	Width Max (cm): 5.1	

HK-MP5

PICATINNY RAILS & RAILS SYSTEMS

MP5 5 PICATINNY HAND GUARD RAILS SYSTEM

The ultimate rail system for the MP5.
Due to the front-sight mounting feature, the whole system maintains zero.

- Allows fitting forearm grips, lights, lasers & other mounts.
- Specifically designed to give a 100% secure fit.
- To fit reflex sight, it is recommended to add #TR5 (page 15).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: HX5	Made Of: Aluminum	Length Max (cm): 21.3
Eligibility: MP5	Weight (gr): 308	Height Max (cm): 7.3
Number Of Rails: 5	Width Max (cm): 4.7	

MP5 3 PICATINNY HAND GUARD RAILS SYSTEM

Replace the original handguard with our aluminum Picatinny handguard rail system.

- Designed & manufactured for a 100% secure fit.
- Provides a stable mounting platform for Picatinny accessories.
- Lower rail - ideal for forearm grips.
- Two side rails - ideal for lights, lasers & other mounts.
- To fit reflex sight, it is recommended to add #TR5 (page 15).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: HX3	Made Of: Aluminum	Length Max (cm): 14.1
Eligibility: MP5	Weight (gr): 252	Height Max (cm): 4.3
Number Of Rails: 3	Width Max (cm): 5.4	

MP5 PICATINNY HAND GUARD RAIL

Replace the original handguard with our aluminum Picatinny handguard.

- Designed & manufactured for a 100% secure fit.
- Provides a stable mounting platform for Picatinny accessories, such as forearm grips, lights & lasers.
- Indentation on side for mounting a remote cable.
- To fit reflex sight, it is recommended to add #TR5 (page 15).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: HX1	Made Of: Aluminum	Length Max (cm): 14.1
Eligibility: MP5	Weight (gr): 226	Height Max (cm): 4.3
Number Of Rails: 1	Width Max (cm): 4.1	

HK-MP5

PICATINNY RAILS & RAILS SYSTEMS

MP5SD 3 PICATINNY HAND GUARD RAILS SYSTEM

Now you can upgrade your MP5SD with a full Picatinny handguard system.

- Designed & manufactured for a 100% secure fit.
- Provides a stable mounting platform for Picatinny accessories.
- Lower rail - ideal for forearm grips.
- Two side rails - ideal for lights, lasers & other mounts.
- To fit reflex sight, it is recommended to add #TR5 (page 15).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: HX3SD	Made Of: Aluminum	Length Max (cm): 18
Eligibility: MP5SD	Weight (gr): 300	Height Max (cm): 6.5
Number Of Rails: 3	Width Max (cm): 6.8	

MP5K 3 PICATINNY HAND GUARD RAILS SYSTEM

Now you can upgrade your MP5K with a full Picatinny handguard system.

- Designed & manufactured for a 100% secure fit.
- Provides a stable mounting platform for Picatinny accessories.
- Lower rail - ideal for forearm grips.
- Two side rails - ideal for lights, lasers & other mounts.
- To fit reflex sight, it is recommended to add #TR5 (page 15).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: HX3K	Made Of: Aluminum	Length Max (cm): 8.6
Eligibility: MP5K	Weight (gr): 150	Height Max (cm): 4.6
Number Of Rails: 3	Width Max (cm): 5.2	

HK-MP5, HK-G3

PICATINNY RAILS & RAILS SYSTEMS

MP5 2 PICATINNY SIDE BY SIDE RAILS

Two Picatinny rails for the front sight.

- Provides two rails for lights, lasers & other mounts.
- Due to the way of mounting, perfectly maintain zero.
- Coordinates well with: #HX1, #HX3, #HX3SD, #HX3K, #TR5 (pages 13, 14, 15).

Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: FSM5	Made Of: Aluminum	Length Max (cm): 2.1
Eligibility: MP5	Weight (gr): 75	Height Max (cm): 2.1
Number Of Rails: 2	Width Max (cm): 4.4	

G3, MP5/SD/K TOP PICATINNY RAIL

Tight top mount Picatinny rail - ideal for red-point sights.

- Strongly secured to the top body part.
- Allows disassembling/As assembling secured the weapon, but yet maintain zero.
- Coordinates well with: #HX5, #HX3, #HX1, #FSM5, #HX3K, #HX3SD (pages 13, 14, 15).

Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: TR5	Made Of: Aluminum	Length Max (cm): 10.4
Eligibility: MP5, MP5SD, MP5K, G3	Weight (gr): 50	Height Max (cm): 2.3
Number Of Rails: 1	Width Max (cm): 4	

Part #: TR5L	Made Of: Aluminum	Length Max (cm): 12
Eligibility: MP5, MP5SD, MP5K, G3	Weight (gr): 52	Height Max (cm): 2.3
Number Of Rails: 1	Width Max (cm): 4	

HK-G3, HK-G36, TAVOR

PICATINNY RAILS & RAILS SYSTEMS

HK-G3 3 PICATINNY HAND GUARD RAILS SYSTEM

Aluminum three rail handguard for the H&K G3.
Designed & manufactured for a secure & stable fit.

- Three Picatinny rails surround the barrel for a secure & stable fit.
- Exceptional design, allows numerous accessories.
- Excellent for grips pods, lights, lasers & other mounts.
- To fit reflex sight, it is recommended to add #TR5 (page 15).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: G3X3	Made Of: Aluminum	Length Max (cm): 29.5
Eligibility: H&K G3	Weight (gr): 504	Height Max (cm): 4.6
Number Of Rails: 3	Width Max (cm): 4.3	

HK-G36K 4 PICATINNY HAND GUARD RAILS SYSTEM

Aluminum four rail handguard for the H&K G36k.
Designed & manufactured for a secure & stable fit.

- Four Picatinny rails surround the barrel.
- Exceptional design allows numerous mission-specific accessories.
- Excellent for grips, pods, lights, lasers & other mounts.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: X36K	Made Of: Aluminum	Length Max (cm): 27
Eligibility: H&K G36K	Weight (gr): 336	Height Max (cm): 8
Number Of Rails: 4	Width Max (cm): 6.4	

HK-G36C 4 PICATINNY HAND GUARD RAILS SYSTEM

Part #: X36C	Made Of: Aluminum	Length Max (cm): 21
Eligibility: H&K G36C	Weight (gr): 260	Height Max (cm): 8
Number Of Rails: 4	Width Max (cm): 6.5	

MICRO TAVOR TOP PICATINNY RAIL

Tight aluminum flat top Picatinny rail - for optics & sights.

- Strongly secured to the barrel.
- Allows disassembling /assembling the handguard but yet maintain zero.
- Allows using iron sights.
- Two side rails for Picatinny devices.
- Color: **Black 01**

Gunsmith required • Mill-standard • Warranty: lifetime

Part #: TRMT	Made Of: Aluminum	Length Max (cm): 27.3
Eligibility: Micro Tavor	Weight (gr): 174	Height Max (cm): 2.9
Number Of Rails: 3	Width Max (cm): 6.5	

M16, AR15, M4, A2

PICATINNY RAILS & RAILS SYSTEMS

AR15/M4/A2 6 PICATINNY HAND GUARD RAILS SYSTEM

The ultimate rail system for your M16 Due to the unique front sight mounting system, provides maximum accuracy & stability, during the toughest workout of your weapon.

- Four fixed rails - provide a solid platform for mounting accessories.
- Two fixed front sight mini rails - allow mounting of lights/lasers.
- Top rail is parallel to flat top rail, ideal for mounting optics.
- Easily installs, using existing delta ring & tightens to the front sight. Utilizing 6 screws to eliminate movement & maintain a consistent zero.
- Accepts optional #FR1 front sight rail (page 18).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: XRS6	Made Of: Aluminum	Length Max (cm): 23.6
Eligibility: AR15/M4	Weight (gr): 316	Height Max (cm): 5
Number Of Rails: 6	Width Max (cm): 7.2	

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: XRS6L	Made Of: Aluminum	Length Max (cm): 37.5
Eligibility: M16 Rifle	Weight (gr): 545	Height Max (cm): 7
Number Of Rails: 6	Width Max (cm): 5.2	

BEST SELLER

XRS6

XRS6L

M16, AR15, M4, A2

PICATINNY RAILS & RAILS SYSTEMS

AR15/M4 7 PICATINNY HAND GUARD RAIL SYSTEM FRONT BARREL

- All the features of the XRS6L + 7th forward rail.
- 7th rail is adjustable in height and ensures maximum accuracy while using a laser sight (maintaining zero).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: XRS6LFR1	Made Of: Aluminum	Length Max (cm): 45
Eligibility: M16/A2	Weight (gr): 582	Height Max (cm): 7
Number Of Rails: 7	Width Max (cm): 5.2	

AR15/M4 7 PICATINNY HAND GUARD RAILS SYSTEM

This exceptional design allows you to fit on the #XRS6 the 7th rail.

- It is adjustable in height to ensure maximum accuracy while using a laser sight (maintain zero).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: XRS6+FR1	Made Of: Aluminum	Length Max (cm): 31.1
Eligibility: AR15/M4	Weight (gr): 352	Height Max (cm): 5
Number Of Rails: 7	Width Max (cm): 7.2	

AR15/M4 FORWARD BARREL PICATINNY RAIL

Multi-position parallel & above the barrel rail.

- Adjustable for height above barrel.
- Enabling the user to mount a light or laser directly inline above the barrel.
- Attaches to #XRS6 handguards to create a 7 rail system.
- Attaches to #FSM15X to create a 3 rail front sight system.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: FR1	Made Of: Aluminum	Length Max (cm): 9.5
Eligibility: #XRS6/#FSM15X	Weight (gr): 36	Width Max (cm): 2.1
Number Of Rails: 1		

AR15/M4 TRIPLE PICATINNY RAIL SYSTEM FOR FRONT SIGHT

- Enables the secure mounting of light & laser devices on the front sight.
- The 3rd rail, which is located above the barrel, is adjustable in height.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: XF3	Made Of: Aluminum	Length Max (cm): 14.5
Eligibility: M16/AR15/M4	Weight (gr): 110	Height Max (cm): 2.1
Number Of Rails: 3	Width Max (cm): 3.4	

AR15/M4 2 SIDE BY SIDE PICATINNY RAILS FOR FRONT SIGHT

Front sight mounted rail securely attaches to the front sights.

- Two rails for laser, light & other mounts.
- Available in aluminum (#FSM15X) or polymer (#FSM15P) versions.
- Aluminum version accepts Forward Barrel Rail (#FR1) creating a three rail front sight system (#XF3).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: FSM15X	Made Of: Aluminum	Length Max (cm): 7.2

Number Of Rails: 4	Width Max (cm): 4.5	

M16, AR15, M4, A2

PICATINNY RAILS & RAILS SYSTEMS

AR15/M4 3 PICATINNY RAILS FOR THE HAND GUARD

Transfer your original handguards, to a full Picatinny System.

- Set of two 45 degree Picatinny rails & one removable center rail.
- Mounted to the upper or lower handguard.
- Excellent for mounting lasers, flashlights, vertical grips, pods & more.
- Fits both, standard & thickened heat shields.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: TRM3	Made Of: Polymer	Length Max (cm): 7.9
Eligibility: M16/AR15/M4	Weight (gr): 66	Height Max (cm): 3.5
Number Of Rails: 3	Width Max (cm): 6.5	

OPTION 1

OPTION 2

AR15/M4 PICATINNY RAIL FOR HAND GUARD - 15.5cm

It is simple to have a Picatinny rail on your original M16 carbine/rifle handguard.

- Single Picatinny rail to be mounting on the lower handguard.
- Fits both, standard & thickened heat shields.
- Excellent for mounting lasers, flashlights, vertical grips, pods & more.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: PR	Made Of: Polymer	Length Max (cm): 15.5
Eligibility: M16/AR15/M4	Weight (gr): 44	Height Max (cm): 1
Number Of Rails: 1	Width Max (cm): 2	

AR15/M4 PICATINNY RAIL FOR HAND GUARD - 5.8cm

Part #: SR	Made Of: Polymer	Length Max (cm): 5.8
Eligibility: M16/AR15/M4	Weight (gr): 16	Height Max (cm): 1
Number Of Rails: 1	Width Max (cm): 2	

AR15/M4 PICATINNY RAIL FOR CARRY HANDLE

An easy way to transform your carry handle to a Picatinny rail flatop style.

- A Picatinny rail mount for your carry handle.
- A thumb nut locking screw.
- Designed to accept all scope rings & mounts.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: TR16	Made Of: Aluminum	Length Max (cm): 13.3
Eligibility: M16/AR15/M4	Weight (gr): 68	Height Max (cm): 1.9
Number Of Rails: 1	Width Max (cm): 2.1	

GALIL, GALIL SNIPER

PICATINNY RAILS & RAILS SYSTEMS

GALIL 4 PICATINNY HAND GUARD RAILS SYSTEM

Polymer two piece handguard for the Galil, provides a rigid lightweight platform to mount Picatinny accessories.

- Two full length upper & lower Picatinny rails - excellent mounting positions for optics, bipods & grips.
- Two side rails are ideal for mounting light/laser devices.
- Constructed of high density polymer for strength & heat resistance.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: GRS-SET	Made Of: Polymer	Length Max (cm): 15.5
Eligibility: Galil	Weight (gr): 252	Height Max (cm): 8.5
Number Of Rails: 4	Width Max (cm): 6.7	

GALIL 4 PICATINNY HAND GUARD RAILS SYSTEM

Polymer two piece handguard for the Galil, provides a rigid lightweight platform to mount Picatinny accessories.

- 28cm upper rail for heavy optics.
- Integrated upper & lower rails.
- Detachable side rails
- Allows disassembling/assembling the Galil body & yet maintaining perfect zero.
- Modular system; bottom part can be used individually
- Color: **Black 01**

Part #: XG	Made Of: Polymer	Length Max (cm): 28
Eligibility: Galil	Weight (gr): 400	Height Max (cm): 8
Number Of Rails: 4	Width Max (cm): 5.3	

GALIL SNIPER 4 PICATINNY HAND GUARD RAILS SYSTEM

Four rail Picatinny handguard for the Galil Sniper. Provides a rigid lightweight accessory platform & excellent mounting positions.

- 4 sided Picatinny rail system.
- Excellent for optics, grips, pods, lights, lasers & other Picatinny mounts.
- Thermal rail covers Included.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: XGS	Made Of: Aluminum	Length Max (cm): 36
Eligibility: Galil Sniper	Weight (gr): 480	Height Max (cm): 7.4
Number Of Rails: 4	Width Max (cm): 5.5	

SA58-VZ, M203

PICATINNY RAILS & RAILS SYSTEMS

RS58SET 4 PICATINNY HAND GUARD RAILS SYSTEM

Polymer two piece handguard for the SA85.
Provides a rigid lightweight Picatinny platform.

- Two full length upper & lower Picatinny rails.
Excellent mounting positions for optics, bipods & grips.
- Two side rails are ideal for mounting light/laser devices.
- Constructed of high density polymer for strength & heat resistance.
- Color: Black 01 Green 02 Khaki 03

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: RS58SET	Made Of: Polymer	Length Max (cm): 18
Eligibility: SA58-UZ	Weight (gr): 200	Height Max (cm): 7.5
Number Of Rails: 4	Width Max (cm): 6.4	

M203 3 PICATINNY RAILS FOR THE HAND GUARD

Designed for the M203 40mm tubes & Less lethal 37mm tubes launchers.

- Adaptor allows mounting of light, laser, forward grip, bipods & more.
- Color: Black 01

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: XGL203	Made Of: Aluminum	Length Max (cm): 6.6
Eligibility: M203	Weight (gr): 140	Height Max (cm): 6.6
Number Of Rails: 3	Width Max (cm): 7.6	

REMINGTON 870, MOSSBERG 500

PICATINNY RAILS & RAILS SYSTEMS

COMBO 870 THE ULTIMATE UPGRADE

Part Name	Description	Details
(1) SSM	12 ga' Shell Holder	Page 40
(2) CBS	Collapsible Butt Stock	Page 25
(3) CRGPT870	Grip, Stock, Upper Rail	Page 30
(4) RR870	Picatinny Handguard	Page 15

REM'870 3 PICATINNY HAND GUARD RAILS SYSTEM

Polymer one piece handguard for Remington 870.
Provides a rigid lightweight Picatinny platform.

- Full length lower rail - ideal for mounting grips & other mounts.
- Two mini side rails - ideal for mounting light/laser devices.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: RR870	Made Of: Polymer	Length Max (cm): 20.4
Eligibility: Rem' 870	Weight (gr): 198	Height Max (cm): 5.8
Number Of Rails: 3	Width Max (cm): 6.6	

COMBO 500 THE ULTIMATE UPGRADE

Part Name	Description	Details
(1) SSM	12 ga' Shell Holder	Page 40
(2) CBS	Collapsible Butt Stock	Page 25
(3) CMGPT500	Grip, Stock, Upper Rail	Page 30
(4) MR500	Picatinny Handguard	Page 15

MOSS'500 3 PICATINNY HAND GUARD RAILS SYSTEM

Polymer one piece handguard for Mossberg 500.
Provides a rigid lightweight Picatinny platform.

- Full length lower rail - ideal for mounting grips & other mounts.
- Two mini side rails - ideal for mounting light/laser devices.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: MR500	Made Of: Polymer	Length Max (cm): 20
Eligibility: Moss' 500	Weight (gr): 174	Height Max (cm): 5
Number Of Rails: 3	Width Max (cm): 6.3	

SHOTGUNS, HUNTING

PICATINNY RAILS & RAILS SYSTEMS

SGR1 BARREL MOUNTED PICATINNY RAIL

Aluminum Picatinny rail. fits plain barrel up to 12 gauge.

- Secure fit, ensures accuracy of mounted accessory.
- 360° mounting options.
- Can also fit AR15 type barrels.
- Allowing mounting of light/laser equipment.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: SGR1	Made Of: Aluminum	Length Max (cm): 5.7
Eligibility: 12 GA' Shotgun	Weight (gr): 40	Height Max (cm): 3
Number Of Rails: 1	Width Max (cm): 3.3	

HGA1 BARREL MOUNTED PICATINNY RAIL

Aluminum Picatinny rail. fits plain or vent rib shotgun barrels up to 12 gauge.

- Secure stable fit, ensures accuracy of mounted accessory.
- Allowing mounting of light/laser equipment.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: HGA1	Made Of: Aluminum	Length Max (cm): 4.8
Eligibility: 12 GA' Shotgun	Weight (gr): 28	Height Max (cm): 3.9
Number Of Rails: 1	Width Max (cm): 2.3	

UPR SWIVEL STUD MOUNTED

Replaces sling swivel stud with Picatinny rail.

- Securely mount a light/laser or bipod.
- Fits rifles & shotguns.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: UPR	Made Of: Aluminum	Length Max (cm): 6.5
Eligibility: Swivel Stud Teat	Weight (gr): 32	Height Max (cm): 1.3
Number Of Rails: 1	Width Max (cm): 2.1	

PISTOLS, UZI

PICATINNY RAILS & RAILS SYSTEMS

SIG226/8/9 BOTTOM PICATINNY RAIL

Quickly adds a Picatinny rail to the under barrel of a handgun.

- Easily clamps onto the trigger guard area.
- Providing a stable platform for mounting a light/laser.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: SIGA1	Made Of: Aluminum	Length Max (cm): 8.3
Eligibility: Sig 226/8/9	Weight (gr): 40	Height Max (cm): 4.2
Number Of Rails: 1	Width Max (cm): 2.6	

BERETTA FT92 BOTTOM PICATINNY RAIL

Part #: BERA1	Made Of: Aluminum	Length Max (cm): 8.3
Eligibility: Beretta F92	Weight (gr): 40	Height Max (cm): 4.4
Number Of Rails: 1	Width Max (cm): 2.3	

FN BROWNING

Part #: FNA1	Number Of Rails: 1	Width Max (cm): 2.3
Eligibility: FN Browning	Made Of: Aluminum	Length Max (cm): 8.3
High Power MARK2/3	Weight (gr): 40	Height Max (cm): 4.4

COLT 1911 BOTTOM PICATINNY RAIL

Part #: COLTA1	Made Of: Aluminum	Length Max (cm): 8.3
Eligibility: Colt 1911	Weight (gr): 38	Height Max (cm): 3.9
Number Of Rails: 1	Width Max (cm): 2.3	

GLOCK 17/19 BOTTOM PICATINNY RAIL

Part #: GLA1	Made Of: Aluminum	Length Max (cm): 8.3
Eligibility: Glock 17/19	Weight (gr): 42	Height Max (cm): 3.2
Number Of Rails: 1	Width Max (cm): 2.1	

UZI/MINI UZI PICATINNY RAIL BAYONET MOUNTED

Transforms the Uzi/Mini-Uzi bayonet lug, into a Picatinny rail mount.

- Allowing the addition of light & laser mounts.
- Easy installation replaces trigger pin & locks to rail.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: BLMUZA1	Made Of: Aluminum	Length Max (cm): 4.4
Eligibility: Uzi/Mini-uzi	Weight (gr): 28	Height Max (cm): 1.8
Number Of Rails: 1	Width Max (cm): 2.3	

UZI PISTOL PICATINNY RAILS BAYONET MOUNTED

Transforms Uzi-Pistol bayonet lug into a Picatinny rail mount.

- Allowing the addition of light & laser mounts.
- Easy installation replaces trigger pin & locks to rail.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: BLMUZA2	Made Of: Aluminum	Length Max (cm): 5.3
Eligibility: Uzi-Pistol	Weight (gr): 36	Height Max (cm): 2.1
Number Of Rails: 1	Width Max (cm): 2.1	

PISTOL GRIPS
FOREARM GRIPS

AK47, GALIL, SA58-VZ, M16

TACTICAL PISTOL GRIPS

SA58/AK47/GALIL 6 PIECE INTERCHANGEABLE FINGER GROOVE

Six piece rubberized interchangeable pistol grip - allowing the operator to customize their grip to fit all hand sizes for maximum comfort & control.

- Easily replaces the original AK47/SA58/Galil pistol grip.
- Provides increased control during firing & reduces fatigue.
- Changeable finger grooves & palm swell allow for an increased powerful grip.
- Easily interchangeable front & rear rubberized grip inserts - mount securely in place.
- Mottled surface minimizes risk of slippage when wet.
- Capped storage for small items.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: UPG47
Eligibility: SA58/AK47/Galil

Made Of: Polymer
Weight (gr): 105

Width Max (cm): 3
Height Max (cm): 11.4

M16 6 PIECE INTERCHANGEABLE FINGER GROOVE

Six pieces rubberized interchangeable pistol grip - allowing the operator to customize their grip to fit all hand sizes for maximum comfort & control.

- Easily replaces the original M16 pistol grip.
- Provides increased control during firing & reduces fatigue.
- Changeable finger grooves & palm swell allow for an increased powerful grip.
- Easily interchangeable front & rear rubberized grip inserts - mount securely in place.
- Mottled surface minimizes risk of slippage when wet.
- Capped storage for small items.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: UPG16
Eligibility: M16

Made Of: Polymer
Weight (gr): 116

Width Max (cm): 3
Height Max (cm): 12.6

AK47 ERGONOMIC PISTOL GRIP

Tactical pistol grip for AK47. Replaces the original pistol grip in moments.

- Increased comfort & weapon performance.
- Provides more control during firing while reducing fatigue.
- Finger grooves & palm swell allow for a powerful grip.
- Mottled surface area allows for a secure grip when in use or when wet.
- Color: **Black 01** **Green 02** **Khaki 03**

NEW

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: G47
Eligibility: AK47/74

Made Of: Polymer
Weight (gr): 102

Width Max (cm): 3.2
Height Max (cm): 11

M16 ERGONOMIC PISTOL GRIP

Tactical pistol grip for M16. Replaces the original pistol grip in moments.

- Increased comfort & weapon performance.
- Provides more control during firing while reducing fatigue.
- Finger grooves & palm swell allow for a powerful grip.
- Mottled surface area allows for a secure grip when in use or when wet.
- Color: **Black 01** **Green 02** **Khaki 03**

NEW

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: G16
Eligibility: M16

Made Of: Polymer
Weight (gr): 102

Width Max (cm): 3.2
Height Max (cm): 11

TACTICAL FOREARM GRIPS FOR PICATINNY

BPP GRIP PIVOT POD GRIP

One of our most demanded products. Provides a solid & comfortable forearm grip, combined with drawn & pivot pods. Highly recommended for stability, moving targets & very effective in reducing the breath influence.

- Strong & solid mechanism, spring & legs.
- Tremendously reliable in rough conditions, such as mud, sand & rain.
- Easily to fit/remove from Picatinny rails due to the thumbnut locker.
- Easy to operate the pods – thumb push button to release the pods & two fingers push to lock it back.
- Safe to operate the pods – takes only the front forearm, so the main hand can always be ready on trigger & safe.
- 140° pivoting – once lifting the pods, automatically set back to centre.
- The bottom surface is made of solid rubber to avoid slipping.
- Legs made of extremely strong polymer with metal inserts.
- Equally made for left/right handed users.
- Optional to add the #PGS pressure switch mount.
- Color: **Black 01** **Green 02** **Khaki 03**

Part #: BPP GRIP
Eligibility: Picatinny

Made Of: Poly+Alum
Weight (gr): 260

Height Open (cm): 20.4
Height Close (cm): 15.3

BP GRIP POD GRIP

The same model as the #BPP-GRIP, but none-pivoting model.

BPP GRIP HD PIVOT GRIP FOR HEAVY DUTY

The same model as the #BPP-GRIP, but made especially for heavy-duty tools, due to the aluminum legs.

BP GRIP HD POD GRIP

The same model as the #BPP-GRIP HD, but none-pivoting model.

PGS PRESSURE SWITCH MOUNT

A solid location to your remote cable & switch.

- Clip on all BP Grips models & the #CGRIP forearm grip (page 30).
- Four arms surrounding the forearm grip to prevent slippery.
- Good for both left & right sides.
- Engraving measurements: 6X1.5cm.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years.

Part #: PGS

Made Of: Polymer

Eligibility: #BPP/#CGRIP

TACTICAL FOREARM GRIPS FOR PICATINNY

FVG5 5 POSITIONS FOLDING FOREARM GRIP

Molded polymer five positions folding grip.

- Side push button, allows operator to switch between different grip positions.
- Screw Tightening.
- Color: **Black 01** **Green 02** **Khaki 03**

BEST SELLER

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: FVG5 Made Of: Polymer Height Max (cm): 12
Eligibility: Picatinny Weight (gr): 120 Width Max (cm): 4.2

FVG5B 5 POSITIONS FOLDING FOREARM GRIP WITH BATTERIES COMPARTMENT

The same model as the #FVG5. Includes batteries storage compartment.

FVG3 3 POSITIONS FOLDING FOREARM GRIP

The same model as the #FVG5, but allows three positions.

FVG3B 3 POSITIONS FOLDING FOREARM GRIP WITH BATTERIES COMPARTMENT

The same model as the #FVG3. Includes Batteries storage compartment.

TVG SIDE CLIP SHORT VERTICAL GRIP

Short mold forearm grip.

- Incorporates a storage compartment.
- Screw tightened.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: TVG Made Of: Polymer Height Max (cm): 5.5
Eligibility: Picatinny Weight (gr): 60 Width Max (cm): 3

TVG1 SIDE CLIP VERTICAL GRIP

Mold forearm grip.

- Incorporates a storage compartment.
- Screw tightened.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: TVG1 Made Of: Polymer Height Max (cm): 11.2
Eligibility: Picatinny Weight (gr): 90 Width Max (cm): 3

TACTICAL FOREARM GRIPS FOR PICATINNY

MVG SHORT FOREARM VERTICAL GRIP

Mold polymer forward grip.

- Incorporates a storage compartment.
- Rubberized front & back for comfortable non slip grip surface.
- No tools required, captive thumb nut.
- Removable pressure switch mounts.
- Color: **Black 01** **Green 02** **Khaki 03**

NEW

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: MVG Made Of: Polymer Height Max (cm): 8.5
Eligibility: Picatinny Weight (gr): 100 Width Max (cm): 3.8

EVG ERGONOMIC FOREARM VERTICAL GRIP

Mold polymer ergonomic grip.

- Providing a natural fighting stance.
- Incorporates a storage compartment.
- No tools required, captive thumb nut.
- Color: **Black 01** **Green 02** **Khaki 03**

NEW

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: EVG Made Of: Polymer Height Max (cm): 11
Eligibility: Picatinny Weight (gr): 110 Width Max (cm): 4.2

SVG SHORT FOREARM VERTICAL GRIP

Mold polymer short vertical grip.

- Incorporates a storage compartment.
- Comfortable grip surface, has control rings for a non-slip grip.
- Screw tightened.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: SVG Made Of: Polymer Height Max (cm): 9.6
Eligibility: Picatinny Weight (gr): 88 Width Max (cm): 3.8

FVG1 2 POSITIONS FOLDING FOREARM GRIP

Molded polymer five positions folding grip.

- Side push button, allows operator to switch between different grip positions.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 3 years

Part #: FVG1 Made Of: Polymer Height Max (cm): 11.2
Eligibility: Picatinny Weight (gr): 110 Width Max (cm): 3.9

BVG FOREARM VERTICAL GRIP WITH WATERPROOF COMPARTMENT

Quick detach, molded polymer vertical grip.

- Utilizing a twist tightening design.
- Waterproof battery storage for 3 CR123 batteries.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: BVG Made Of: Polymer Height Max (cm): 12.2
Eligibility: Picatinny Weight (gr): 84 Width Max (cm): 3.2

CGRIP COMBINED ERGONOMIC FOREARM GRIP

Many features in one forearm grip.

- Screw cap storage compartment underneath.
- Quickly attaches/detaches from Picatinny rail with captive thumb nut screw.
- Includes #PGS removable switch mount (page 28).
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: CGRIP Made Of: Polymer Height Max (cm): 13.2
Eligibility: Picatinny Weight (gr): 120 Width Max (cm): 3.7

TACTICAL FOREARM GRIPS FOR PICATINNY

MGRIP CURVED CQB MAGAZINE GRIP

For a closer & tighter position

- Designed for CQB situations.
- Provides comfortable gripping surface for grasping of the mag well.
- Increased comfort & Provides more control during firing
- Securely attaches to any Picatinny rail.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: MGRIP	Made Of: Polymer	Length (cm.): 8
Eligibility: Picatinny	Weight (gr): 90	Height (cm): 8.5
		Width (cm): 3.5

MGRIP1 ERGONOMIC CQB MAGAZINE GRIP

For a closer & tighter position

- Features finger grooves.
- Removable pressure switch mounting cover.
- Increased comfort & weapon performance.
- Provides more control during firing while reducing fatigue.
- Securely attaches to any Picatinny rail.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: MGRIP1	Made Of: Polymer	Length (cm.): 9
Eligibility: Picatinny	Weight (gr): 90	Height (cm): 8.5
		Width (cm): 3.5

MGRIP2 ERGONOMIC CQB MAGAZINE GRIP

For a closer & tighter position

- Wrap around the magazine chamber
- Increased comfort & weapon performance.
- Provides more control during firing while reducing fatigue.
- Features finger grooves.
- Removable pressure switch mounting cover.

Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: MGRIP2	Made Of: Polymer	Length (cm.): 11
Eligibility: AR15/M4	Weight (gr): 85	Height (cm): 6.4
		Width (cm): 3.6

TACTICAL FOREARM GRIPS FOR PICATINNY

FGA FOREARM GRIP WITH FLASH ADAPTOR

Combines 1" (2.54cm) light mount & vertical grip into one unit.

- Thumb activated on/off push button incorporates an intermittent & constant on position.
- Side safety switch - prevents inadvertent activation of the light during covert activities.
- Storage compartment with a screw cap base for small cleaning kit or extra batteries.
- Small Picatinny rail is included; attaches to either side or bottom of mount for the addition of a laser.
- Slot for pressure switch & cable.
- Rubber pressure switch covers - allow for customized pressure switch mounting & sizing.
- Quickly attaches to rail with captive thumbnuts.
- Color: Black 01 Green 02 Khaki 03

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: FGA	Made Of: Polymer	Length Max (cm): 14.5
Eligibility: Picatinny	Weight (gr): 252	Height Max (cm): 13.4
Number Of Rails: 1	Width Max (cm): 3.7	

IFG FRONT PISTOL GRIP

The customizable forward grip.

- Thumbnut allows quick attachment to Picatinny rail.
- Six interchangeable rubberized finger grooves & backstraps. Fully customizable for comfort & control.
- Capped storage for small items.
- Aluminum rail adaptor.
- Based on #UPG47 pistol grip (page 27).
- Color: Black 01 Green 02 Khaki 03

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: IFG	Made Of: Poly+Alum	Height Max (cm): 12.5
Eligibility: Picatinny	Weight (gr): 160	Width Max (cm): 3

LIGHT LASER ADAPTORS

LIGHT & LASER ADAPTORS FOR PICATINNY

UFH/UFHP 5 POSITIONS FLASHLIGHT/LASER MOUNT

Flashlight & laser mount, quickly locks in any of five positions for the user's comfort.

- Change positions by simple action: push/pull/rotate.
- Enables light to enter the room, while the operator maximizes the use of cover, regardless of which side room entry is desired.
- Locks in five positions: 0° 45° 90° 135° 180°.
- Optional to screw-lock the position.
- Operator can easily access on/off button with thumb, while using a vertical grip.
- Available in two versions: screw tightened (#UFH) or push button quick release (#UFHP).
- Includes extra pushbutton for pistol's under barrel style rails.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Eligibility: Picatinny **Weight (gr):** 70 **Made Of:** Polymer
Diameter: 18-20.5mm (#UFH1/#UFH1P) • 21.3-23.8mm (#UFH2/#UFH2P)
 24.4-27mm (#UFH3/#UFH3P) • 28.2-30.5mm (#UFH4/#UFH4P)

UFH - SCREW TIGHTENED

UFHP - PUSH BUTTON QUICK RELEASE

PL PICATINNY FLASHLIGHT/LASER ADAPTOR

Quick release flashlight/laser mount.

- Available in two diameters: **#PL1**- 19mm, **#PL**- 25.4mm.
- Operator can easily access on/off button with thumb, while using a vertical grip.
- Slides & lock on rail.
- Color: **Black 01** **Green 02** **Khaki 03**

PL2

PL1

No gunsmith required • Mill-standard • Warranty: 10 years

Eligibility: Picatinny **Weight (gr):** 40 **Made Of:** Polymer
Diameter: 19mm (#PL1) • 25.4mm (#PL2)

LIGHT & LASER ADAPTORS FOR PICATINNY

AL134 DUAL ALUMINUM PICATINNY MOUNT

At the same one-unit mount, you can strongly attach laser (19mm) & flashlight (25.4mm) to your weapon.

- Very slim design, keeps the accessories close to the weapon.
- Separate locking screw for each accessory.
- Allows rear thumb on/off operating, or remote switch.
- Can be mount to the weapon in many forms – left/right/top/bottom.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Eligibility: Picatinny Made Of: Aluminum Length Max (cm): 6.7
Diameter: 19mm & 25.4mm Weight (gr): 60 Width Max (cm): 3.2

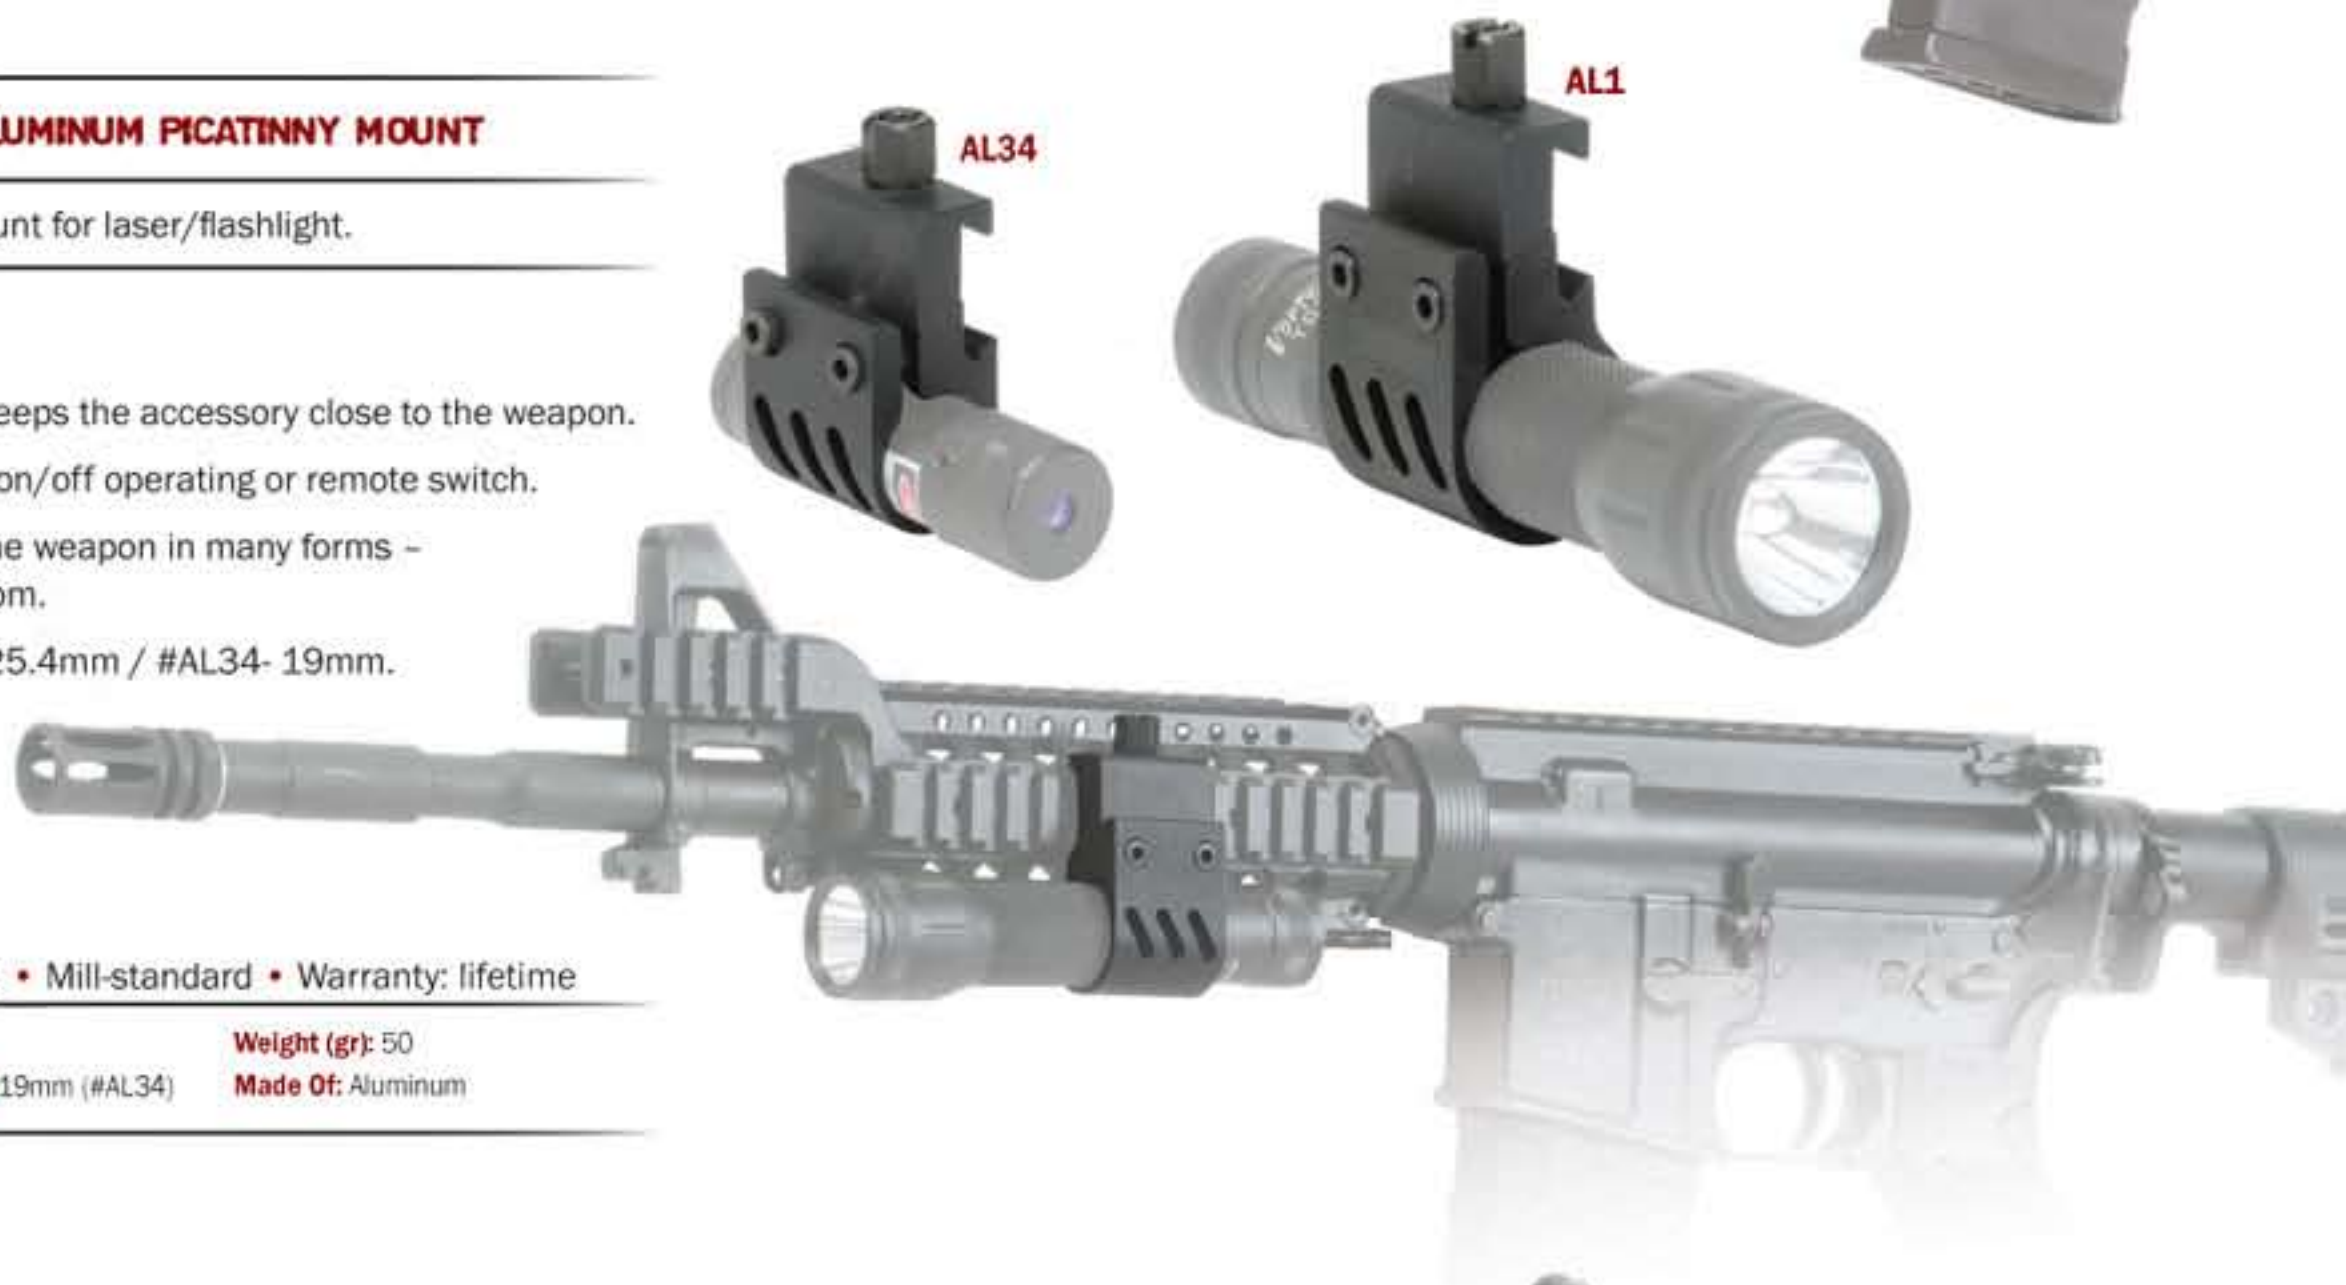

AL1/AL34 ALUMINUM PICATINNY MOUNT

Strong aluminum mount for laser/flashlight.

- Very slim design, keeps the accessory close to the weapon.
- Allows rear thumb on/off operating or remote switch.
- Can be mount to the weapon in many forms – left/right/top/bottom.
- Diameters: #AL1- 25.4mm / #AL34- 19mm.
- Maintain zero.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Eligibility: Picatinny Weight (gr): 50

CDMAG COUNTDOWN MAGAZINE

Always know how many rounds exactly are left at a glance. The innovative & exclusive Counting magazine has a color-coded & numeric indicator on the rear & bottom of the magazine, showing the exact number of left rounds. The numbers appears on three different back-grounds, according to the left rounds in the magazine - 30-21 green, 20-11 rounds yellow, 10-0 rounds red. The rear indicator is colored & numeric - indicate the exact left rounds. Allows the exact information without losing eye contact from target or losing the body position. The bottom indicator is colored & has a numeric additional spare indication. Allows the information, so you know what magazine to use next from the vest pouch.

- 100% reliable - non-tilting follower & a corrosion resistant stainless steel spring.
- Without removal from rifle, operator can easily determine remaining rounds in magazine.
- Mechanism does not interfere with magazine disassembly.
- Proven in extreme conditions, such as rapid fire, sand & water.
- Strong lightweight 30 round polymer M16/AR15 magazine.
- Fits the #MCD16 - our magazine coupler (page 50).
- Color: **Black 01** **Green 02** **Khaki 03**

- New recessed design, allows legs to be mounted higher, giving a more stable center of gravity than usual.
- The base mount includes a bear Picatinny rail to fit forearm grip or other devices.
- Comfortable rubber covers - allowing a non-slip grip.
- Operating each leg separately & independently depending.
- Quick release push button leg extension.
- No external springs - the whole mechanism is well covered.
- Strong lightweight design - made of stainless steel & polymer.
- Legs can be folded to the front or back.
- Color: **Black 01**
- No gunsmith required • Mill-standard • Warranty: 10 years

Part #: NBP	Made Of: Stainless+Poly	Height Max: 24.6
Eligibility: Picatinny	Weight (gr): 425	Height Min: 17.5

NBPS PICATINNY BELOW MOUNTED SHORT BI-PODS

The shorter version of the #NBP.

Part #: NBPS	Made Of: Stainless+Poly	Height Max: 20
Eligibility: Picatinny	Weight (gr): 375	Height Min: 17.5

SBP PICATINNY SIDE MOUNTED BI-PODS

To provide even a lower center of gravity & wider legs spread, you can now side mount the legs & enjoy a better stability.

Part #: SBP	Made Of: Stainless+Poly	Height Max: 24.5
Eligibility: Picatinny	Weight (gr): 395	Height Min: 18

SBPS PICATINNY SIDE MOUNTED SHORT BI-PODS

The shorter version of the #SBP.

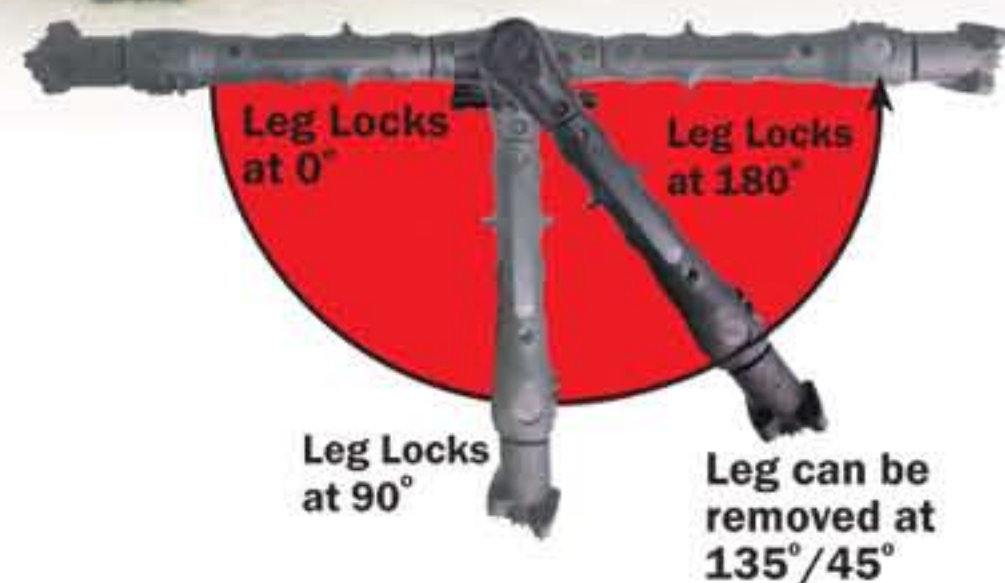

Part #: SBPS	Made Of: Stainless+Poly	Height Max: 17
Eligibility: Picatinny	Weight (gr): 345	Height Min: 14.5

MISCELLANEOUS

FFS FOLDING FLIP UP FRONT SIGHT

The front sight features an adjustable center post for elevation surrounded by two guide posts to assist in focusing the operator's eye to the target.

- Super low profile sights are manufactured from polymer & aluminum to reduce weight.
- Spring loaded push button to raise the sights.
- The push button can be ambidextrously accessed.
- The rugged flip up mechanism is designed to ensure constant battery action and repeat zero.
- Secure mounting to any Picatinny Rail with square center lug which eliminates any movement.
- Center Post adjustment locks at quarter turns with a spring locked pin.

• Color: **Black 01**

NEW

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: FFS	Made Of: Poly & Steel	Height Opened (cm.): 3.175
Eligibility: Picatinny	Weight (gr): 28	Height Closed (cm): 1.25
	Length Closed On Rail (cm): 5.4	Width (cm): 9

FRS FOLDING FLIP UP REAR SIGHT

The rear sight features three operator selectable apertures, including the standard military A2 style double peep aperture with leaf sight aperture, all are adjustable for windage.

- Super low profile sights are manufactured from polymer & aluminum to reduce weight.
- Spring loaded push button to raise the sights.
- The push button can be ambidextrously accessed.
- The rugged flip up mechanism is designed to ensure constant battery action and repeat zero.
- Secure mounting to any Picatinny Rail with square center lug which eliminates any movement.
- The large aperture is designed to be used for CQB & low light conditions, the small aperture for longer range target acquisition.

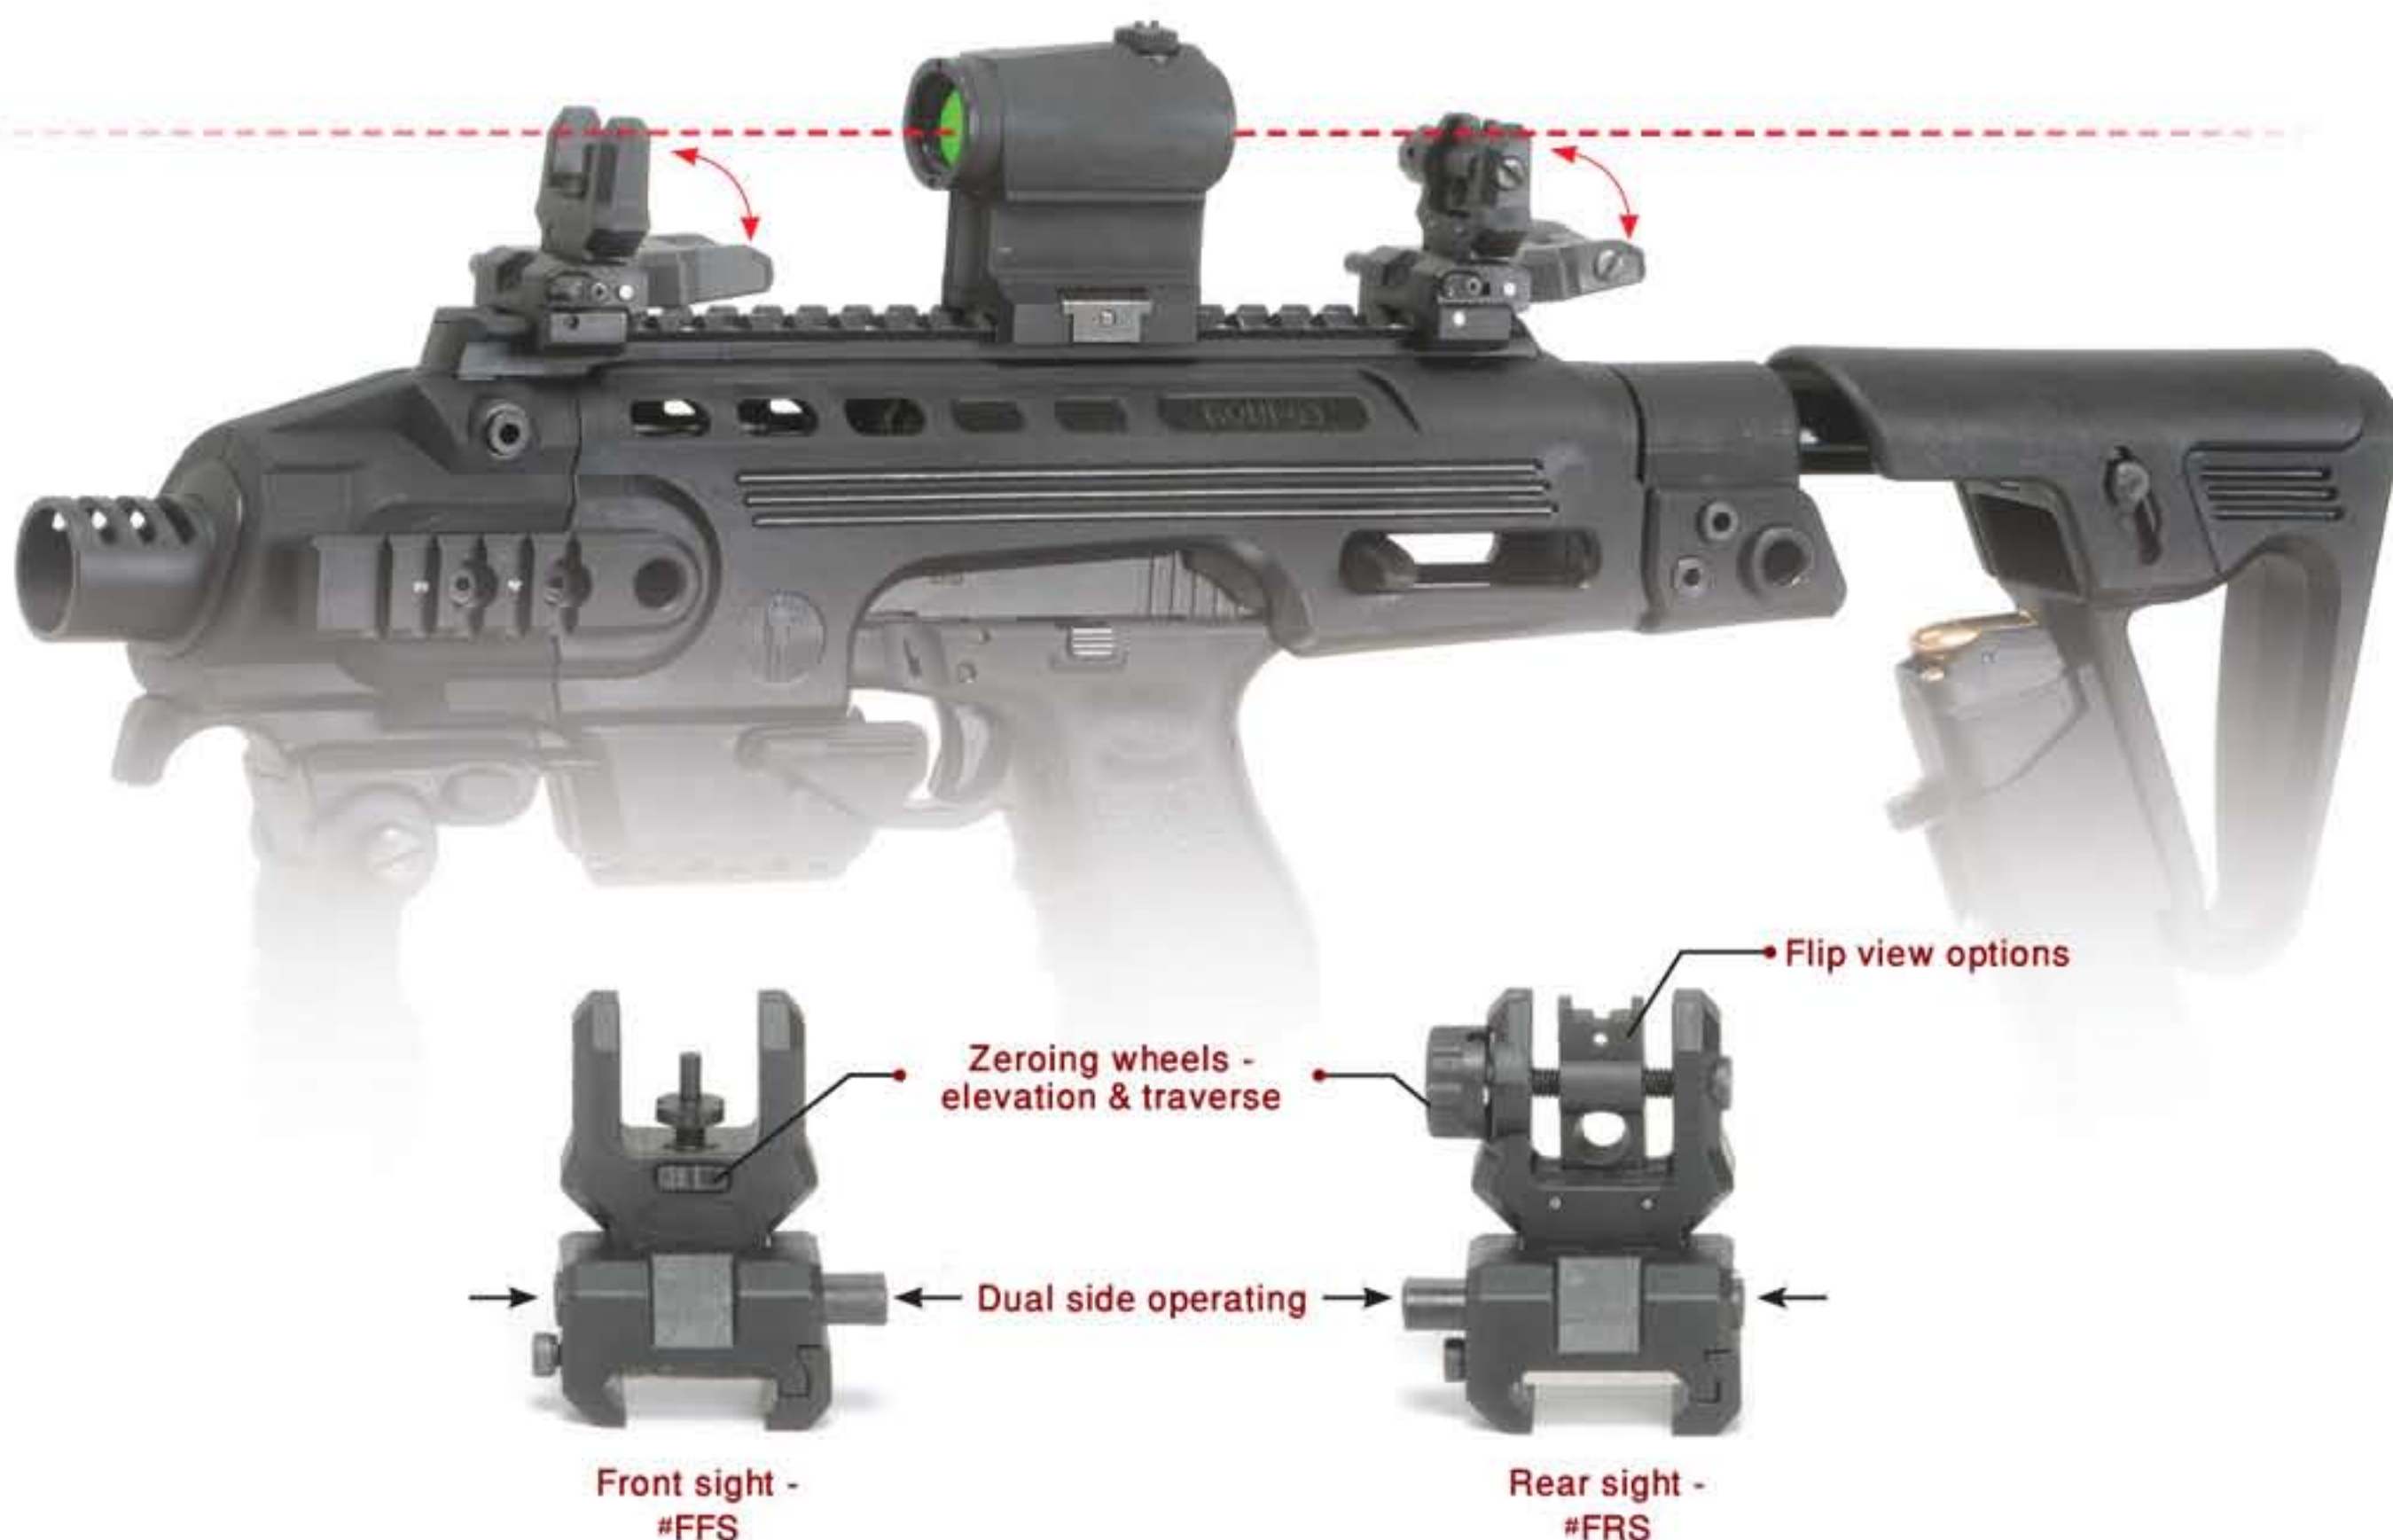

• Color: **Black 01**

NEW

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: FFS	Made Of: Poly & Steel	Height Opened (cm.): 3.2
Eligibility: Picatinny	Weight (gr): 28	Height Closed (cm): 1.25
	Length Closed On Rail (cm): 5.4	Width (cm): 9

MISCELLANEOUS

TGMG TRIGGER GUARD WITH MAGAZINE WELL GUIDE

Unique design – mag* well & wide enough for gloves

- Oversized for gloved hands.
- Magazine well guide facilitates quicker reloads.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: TGMG **Weight (gr):** 30
Eligibility: M16/A2/M4/AR15 **Made Of:** Aluminum

RC ROTATING PICATINNY RAIL BELT CLIP

Holds any Picatinny rail accessory on your belt.

- Locks in 17 positions – 360° rotation.
- Using a flashlight with both hands free - patrol, questioning, reading maps & documents...
- Recommended to use our flashlight/laser mounts (#UFH/#PL), or the shell holder (#SSM).
- Mounts on belt's width: #RC1- 51mm, # RC2- 54mm.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: RC1, RC2 **Made Of:** Polymer **Length Max (cm):** 3.8
Eligibility: 51/54mm belts **Weight (gr):** 29 **Height Max (cm):** 6
Number Of Rails: 1 **Width Max (cm):** 2.4 **Positions:** 17

*OPS ONE POINT SLING

Ideal for tight quarters combat, allowing easy movement when operating inside tight spaces.

*SQA TWO POINT SLING

The ideal two point sling for most tactical weapons.

* MORE DETAILS PAGE 39

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: OPS **Made Of:** Nylon **Length Max (cm):** 80
Eligibility: Sling mounts **Weight (gr):** 136 **Width Max (cm):** 4
Part #: SQA **Made Of:** Nylon **Length Max (cm):** 123
Eligibility: Sling mounts **Weight (gr):** 100 **Width Max (cm):** 5

LRC PLASTIC THERMAL RAIL COVER

Strong thermo plastic composite - provides a durable rail cover to fit on Picatinny rails.

- Set of four ladder style covers for Picatinny rails.
- Low profile fit.
- For exact fit – you can easily cut the ladder at any point.
- Color: **Black 01** **Green 02** **Khaki 03**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: LRC **Weight (gr):** 14X4=56 **Length (cm):** 17.7
Eligibility: Picatinny **Made Of:** Rubber **Height (cm):** 0.8

MISCELLANEOUS

TS SAFETY RODS FOR THE BARREL

Solution to safe training practice, instruction, display & gun storage.

- Prevents live round from being chambered.
- Securely blocks barrel, does not slid out.
- Fits many types of weapons.
- Made of light elastic plastic, but unbreakable.
- Bright & visible.
- No gunsmith required • Mill-standard • Warranty: 10 years
- Color: any color can be done (neon included).

7.62X39mm
(such as AK47):
#TS762P - 50.5cm

9X19mm
(such as MP5, Uzi & many pistols):
#TS9MP5 - 25.5cm / **#TS9LP** - 13.8cm / **#TS9SP** - 12.5cm

5.56X45mm
(such as M16, Galil, Tavor):
#TS223CP - 52.7cm / **#TS223LP** - 42.5cm / **#TS223SP** - 34cm

SSM 12 GAUGE SHOTGUN SHELL HOLDER

Shotgun shell holder, clamps onto Picatinny rail, for quick reload.

- Quick access to five extra shells.
- Ideal for use with #CBS butt stock (page 37).
- Able to be belt mounted, using #RC belt clip (page 55).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: 10 years

Part #: SSM	Made Of: Polymer	Length Max (cm): 10.8
Eligibility: Picatinny	Weight (gr): 44	Width Max (cm): 2.3

TA SCOPE RINGS

Pair of aluminum scope rings for a rugged mounting platform.

- Available in two different diameters - 26/30mm (#TA1/#TA30).
- Four screws tightening.
- NEW: steel made is available (#TAM1/#TAM30).
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: lifetime

Part #: TA1/TA30	Weight (gr): 122	Height Max (cm): 4.5/5.1
Eligibility: Picatinny	Width Max (cm): 6.6	Diameter (cm): 2.6/3
Made Of: Aluminum		

ISAFE SHOOTING GLASSES

Shooting glasses Interchangeable lens kit

Includes:

- For different lens sets – from clear to dark.
- Frame for optical lenses.
- Hard storage box.
- Fabric bag.
- Fabric cloth.
- Head lacing.

KNIVES

HTK-2B 178MM HUNTING & TACTICAL KNIFE

Including nylon belt sheath

Color: **Black 01**

Part #: HTK-2B
Eligibility: Picatinny

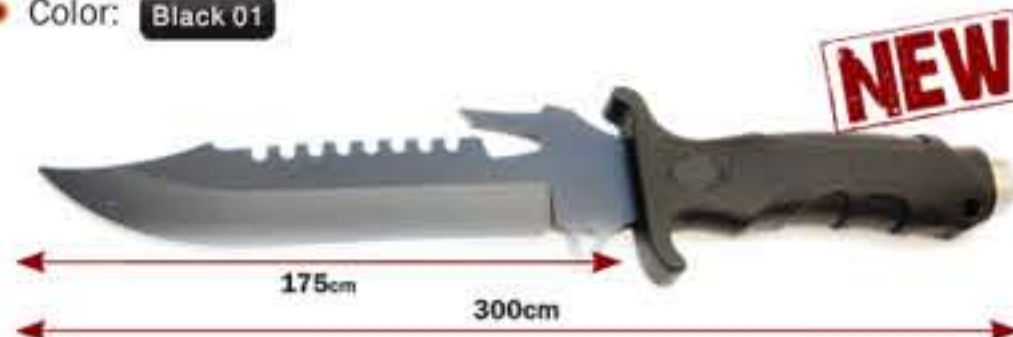

Made Of: Steel
Weight (gr): 208

Length (cm): 30.8

HTK-6B 175 HUNTING & TACTICAL KNIFE

Including nylon belt sheath

Color: **Black 01**

Part #: HTK-6B
Eligibility: Picatinny

Made Of: Steel
Weight (gr): 209

Length (cm): 30

HTK-9B 186MM HUNTING & TACTICAL KNIFE

Including nylon belt sheath

Color: **Black 01**

Part #: HTK-9B
Eligibility: Picatinny

Made Of: Steel
Weight (gr): 260

Length (cm): 31.1

HTK-12B 200MM HUNTING & TACTICAL KNIFE

Including nylon belt sheath

Made Of: Steel
Weight (gr): 279

Length (cm): 32.9

HTK-7A 160MM HUNTING & TACTICAL KNIFE

Including nylon belt sheath

Color: **Black 01**

Part #: HTK-7A
Eligibility: Picatinny

Made Of: Steel
Weight (gr): 160

Length (cm): 28.8

AFFORDABLE IMPORTS PRODUCTS

FLASHLIGHTS

TC ALUMINUM TACTICAL LED FLASHLIGHT

- O-ring sealed - Water & shock resistant.
- Reflector optics protected by polycarbonate lens.
- Anodized inside & out against corrosion.
- Dual mode tail switch.
- Lamp Life up to 100,000 hours.
- Including ballistic nylon holster.
- Manufacturer 10 year warranty • mill standard
- Color: **Black 01**

Part #: TC1	Lamp: 1 W' Luxeon® LED	Total Weight (gr): 90
Made Of: Aluminum	Battery: 1 X CR-123A Lithium	Length Max (cm): 10
Body Diameter (mm): 25.5	Run Time: 80 minutes	Lumens: 90
Eligibility: #PL2, #UFH3, #FGA, #AL, #PLS2		

Part #: TC3	Lamp: 1 W' Luxeon® LED	Total Weight (gr): 115
Made Of: Aluminum	Battery: 2 X CR-123A Lithium	Length Max (cm): 13.5
Body Diameter (mm): 25.5	Run Time: 160 minutes	Lumens: 130
Eligibility: #PL2, #UFH3, #FGA, #AL, #PLS2		

VIKING PRO

PTT FLASHLIGHT REMOTE

The pressure switch allows you to operate your flashlight from the forearm grip or any other spot.

- Flexible pressure switch area.
- Flexible electric wire.
- No gunsmith required
- Mill-standard
- Color: **Black 01**

Part #: PTT-G2	Total Weight (gr): 22
Eligibility: Surefire G2	Length (cm): 21

Part #: PTT-TC	Total Weight (gr): 30
Eligibility: Viking Pro	Length (cm): 15

IR-125 INFRA-RED CAP

Now it is easy to convert your flashlight to an IR tool.

- Suitable for 1.25" (32.5mm) round bezel flashlights.
- Mainly Designed for the SureFire G2, G3, 6P.
- Easily operated - opening/closing the lid with a single finger.
- Suitable for both users - right & left handed.
- Blocks 100% of visible light spectrum - detection range 3m.
- Transmittance in the infra red region 850-2000nm, 10% transmission at 10nm & effectively 0% below 780nm in the visible spectrum.
- Color: **Black 01**

No gunsmith required • Mill-standard • Warranty: 10 Years

Part #: IR-125	Diameter: 1.75" (43.5mm)	Total Weight (gr): 22
Eligibility: 1.25" head	Made Of: Polymer	Length Max (cm): 3.85

REFLEX SIGHTS

COMPML3 UNIQUE FEATURES

- Designed for day use, including dusk & dawn.
- New technology called ACET allows 50,000 hours of operation on one battery.
- Available in 2 dot sizes (2 and 4 MOA).
- Submersible to 135 feet (45 meters).
- Outer rubber cover now available in earth brown.
- Comes with replaceable outer black rubber cover.
- Reduced training time and ammunition.

Aimpoint®

QRP MOUNT

Quick Release Ring for Comp-series - 1X Fits on Picatinny rail. Return to zero after dismounting (Spacer is necessary for M4 flat top rifles and carbines).

3XMAG UNIQUE FEATURES

- Mountable on a rail system behind Aimpoint® sights.
- Extremely fast and ingenious mounting solution (Twist Mount - Picatinny).
- Can also be mounted with a regular 30mm ring.
- Provides extended range to the operator.
- Combines the best of two worlds - CQB & semi-sniping.
- Increases confidence, performance & flexibility.
- No influence on point of impact - No need for re-zeroing the sight.
- Doubles as handheld magnifying monocular.

TWIST MOUNT

Twist Mount Quick Release ring for 3XMag Fits on Picatinny rail.

REFLEX SIGHTS

MICRO T1 UNIQUE FEATURES

- Ideal for rifles, carbines, shotguns, submachineguns and handguns.
- Weight 3.7 oz. (105g) including mount.
- 1X (non-magnifying) parallax free optic.
- Compatible with all generations of Night Vision Devices (NVD).
- 4 night vision compatible settings & 8 daylight settings – one.
- extra bright for use with laser protection glasses or in bright desert sunlight.
- Integral Picatinny-style base allows easy attachment to any rail.
- Patent pending mount is keyed to the sight body to absorb recoil.
- New ACET technology allows 50,000 hours (over 5 years) of constant operation from one battery.
- 4 MOA dot.
- Hard anodized non-reflective finish.
- Submersible to 80 feet (25 meters).
- Precision adjustments for windage and elevation. Top of protective caps fits into holes on adjustment screws – no other tool required.
- Use as a stand alone sight or “piggybacked” on larger magnifying, thermal, or night vision optics.

COMPM4 UNIQUE FEATURES

- Compatible with every generation of Night Vision Devices (NVD).
- Super ACET technology allows up to 80,000 hours (over 8 years) of daytime operation on one AA battery.
- Internal voltage regulator allows the CompM4 to be used with any AA size battery.
- Seven night vision compatible settings & 9 daylight settings.
- QRP2 mount has twice the clamping force of the original QRP, & the mounting knob is wider and shorter to improve operation, & lessen the chance of becoming snagged on other gear.
- Mount base is “keyed” into the body of the sight to absorb recoil.
- Mount base screws directly into the sight – no separate sight ring is required.
- 500,000 hours of use on NVD setting.
- 2 MOA dot for close combat & long distance engagement.
- Matches perfectly with Aimpoint 3XMag, (magnifier module).
- Unequalled light transmission.
- Front lens opening is threaded for addition of killFlash® anti-reflective device.
- Submersible to 150 feet (45 meters).
- Vertical spacer included.
- Standardized as the US Army’s new M68CCO.
- Improved adjustment caps are easier to remove, & are protected against impact.
- Can be used with a carry handle adaptor for use on all M16 rifles.

Aimpoint®
Other Aimpoint products available

SIGHTS

ANGLESIGHT COMBAT LIFE SAVER

- The ANGLESIGHT™ allows aiming and firing around obstacles and corners, without having to put your life in the line of fire.
- The ANGLESIGHT™ has dual path optics and allows the shooter to immediately transition from a concealed shot to a standard shoulder aimed shot without repositioning the optic on the weapon.
- The ANGLESIGHT™ delivers a new capability to the urban combat tactical environment for safely identifying and engaging targets.
- The ANGLESIGHT™ rotates 360° and allows the shooter the flexibility to hold the weapon and aim through the side port at any direction: left, right, above, etc.
- In training, the side port allows an instructor the opportunity to see what the shooter sees and aid/coach as needed.
- The ANGLESIGHT™ is a fully ruggedized 1x optical sight that is compatible with a wide variety of weapon sights including 1x tactical scopes, laser sights and iron sights.
- The ANGLESIGHT™ is compatible with any caliber weapon including rifles, shotguns, handguns and less lethal weapons fitted with a picatinny rail.
- The ANGLESIGHT™ is entirely optical, requires no zeroing, calibration or external power source.

COMMANDERSCOPE™ 8X42

- This 8X42 monocular is designed to replace binoculars currently used by military and law enforcement personnel. The light weight COMMANDERSCOPE is easily carried in a pouch on the soldier's MOLLE and can be rapidly deployed to quickly identify distances to the target.
- A COMMANDERSCOPE™ will eliminate the "double image" usually experienced with binoculars. Its large objective lens is designed for low light conditions and ideal for twilight and cloudy weather. A built in Reticule allows for more accurate distance assessment and the built in Compass makes it easy to acquire target azimuth measurements.
- The COMMANDERSCOPE™ is waterproof (up to 3ft for 1 hour) to sustain any weather condition.

MARKSMANSHIP SNIPER EXCELLENCE

MSE

train the way you fight, fight the way you train

LTC HARTMAN'S NINE STAGES OF CREATING MARKSMANSHIP, SHARP-SHOOTING & SNIPER EXCELLENCE

MSE is a company that builds marksmanship, sharpshooting & sniper schools that creates shooting instructors, which enable the arm force to train itself for any possible terror threat.

The company is headed by LT. Colonel Hartman that served as the head of the sharp-shooting & marksmanship unit of the Israeli defense force (IDF) for nearly 20 years. Hartman trained hundreds of thousands of soldiers over the last 2 decades. He wrote all of the professional & Operational shooting scenarios and manuals used by the IDF today. LTC Hartman created a proven modular training system tacking your Marksmanship, Sharp-shooting & Sniper capabilities to its highest levels while shooting less ammunition!!!

Under his leadership MSE is delivering the Hartman's nine stages program:

- **Stage 1-** Military Evaluation Test: Questionnaires at all army levels, Day & night shooting test at all army levels, Observation of units training in range scenarios and open field maneuvers.
- **Stage 2-** Recommendation report.
- **Stage 3-** Write all professional shooting manuals for the classroom.
- **Stage 4-** Write all professional shooting manuals for the classroom.
- **Stage 5-** Build the Sniper, Marksmanship & Sharp-shooting school.
- **Stage 6-** Develop and implement the shooting instructor course.
- **Stage 7-** "Train the trainers"-Teach the low level commanders to train and teach marksmanship as a profession.
- **Stage 8-** Develop and implement the profession of sharp-shooting.
- **Stage 9-** Supervise, follow up, test & feedback.

Other Products

- Teaching how to shoot from distance, by using remote control wireless cameras & audio equipment inside the shooting range.
- Developing and implementing the sniper course
- Improving the management of small arms ammunition
- Training and preparing all types of forces
